

# TikZ Poster Example

ShareLaTeX Team

ShareTeX Institute

## preambles

Available font sizes: 12pt, 14pt, 17pt, 20pt, 24pt.

Possible paper sizes: a0paper, a1paper and a2paper.

Direction: portrait, landscape.

## Column1

In **tikzposter** the text is organized in blocks, each block is created by the command `\block{}`.

To insert figures in the **tikzposter**, use **tikzfigure** environment.

## Column2

`\note{}` is used to add additional notes that are rendered overlapping the text block.
